

GREAT ARRAY OF DONATIONS FOR NEW YEAR'S ROAD WORK

The List of Supplies to Be Furnished at Work on First of Year, Reads Like Donations to Foreign Relief Committees

Secretary Harry Welch of the chamber of commerce is waxing over-enthusiastic about the road building job, which his organization is nursing, and getting ready to spring on the unsuspecting public January first, with its accompanying quota of hard work and good results.

In an interview last evening, Mr. Welch quoted as follows: "The site where the road is to be held is a gem. It is in the center of a notch in the red hills and overlooks the valley in every direction. There is plenty of room on the level space which has been set aside for all the workers to enjoy the meal and hear the speakers.

"The donations to the barbecue reads like the report of the Belgian Relief Commission, some list being long and lively."

Having aroused interest in the aforementioned list, it is more than fair that it be given in its entirety:

500 lbs. dressed beef, Bartlett-Heard Land and Cattle company.

200 lbs. dressed mutton, Hugh Campbell.

50 lbs. loaves of bread and 250 pie plates, Phoenix Bakery.

50 lbs. loaves of bread and 250 pie plates, Phoenix Bakery.

24 lbs. coffee, enough for 700 cups, Wakelin Grocery company.

10 lbs. butter and a cheese, Mariposa Creamery.

15 lbs. butter and a cheese, Hassayampa Creamery.

All fresh cream necessary, Pacific Creamery.

10 barrels fresh water and tables for service and cutting, P. S. R. S.

2 boxes of apples (500), J. F. Barker company.

2 boxes of apples (500), Walter Hill company.

4 meat trays, Bennett Lumber company.

10 gallons pickles, Goldman company.

The above list is sure to make the epicures around the valley who have so far held their determination to be present in abeyance, come forward and offer themselves with all sorts of object humility and gratification.

Lots of aid has been volunteered to be used in serving the barbecue. Howard Hughes has arranged to have one of his meat cutters present, to take care of carving the juicy joints of beef.

J. C. Adams will have the machinery and a man present to brew the coffee. The Phoenix Wood and Coal company will supply all the fuel necessary to cook the steers. Dorris Heyman company will supply some of the cooking utensils of various kinds and sizes and the Lightning Delivery company will do all the hauling of tools and merchandise that it is requisite with the holding of a highly successful road building bee and barbecue.

Construction Materials

D. H. Burtis has donated 100 feet of concrete pipe of the six-inch variety.

H. R. Patrick will be on hand with surveying instruments, to see that straight lines are run, and if necessary he has agreed to straighten out a few of the crooks in the road.

W. S. Humbert, who is in charge of the tools and appliances, reports that J. D. Norton of the Arizona-California Paving company has agreed to have three of his foremen on hand, to see that the work is done in ship-shape manner. He will also send along a supply of picks and shovels. W. R. Tooley is now busy securing additional road building weapons.

Mr. Humbert has offered a box of cigars to the foreman making the best showing of an section of the road. Judges will be appointed to decide which road crew will do the smoking.

The following have agreed to serve as section bosses: G. R. Duncan, Joe Lovell, Warren Peterson, W. H. Curritton, and two assistants, J. D. Norton and three assistants. In addition to these Mr. Humbert has a long list

to interview on the same subject and promises to have a complete crew of forces by next Saturday when the deed is to be committed.

Another tour of inspection will be made by the committee in charge on Monday (tomorrow), when everything will be rigged out in the best of shape.

H. P. DEMUND TAKES HONORS AT SHOOT

Annual Xmas Shoot Brings Out a Few Good Scores Yesterday Afternoon

Christmas Gun Club shoot was pulled off with great success at the fair grounds traps yesterday afternoon. Mullen and H. P. De Mund were tied for first place scoring 150 out of a possible 160. Ray Demund was second with a score of 148 out of a possible 160. Hellman was third with 145 out of a possible 160. Many other shooters scored high marks and started off like a house on fire, but fell down on the home stretch.

Trap shooting has proved to be a great sport in this vicinity and it is hoped by all the sportsmen around the valley that the Phoenix Gun Club will take advantage of this sport a little more often. President Twitchell said some day the Phoenix Gun Club will have a target range all its own equipped in the best style.

The following scores were made at yesterday's shoot by the Arizona Sportsmen: All events are 20 birds each.

FULTON INSISTS THE PROMOTERS BEHAVE

Heavyweight Aspirant Is Strong on Demands for Bout With Willard

[Republican A. P. Leased Wire] CHICAGO, Dec. 23.—Fred Fulton, heavyweight pugilist of Rochester, Minn., will insist that promoters of the proposed bout between Fulton and Jess Willard, heavyweight champion, live up to their agreement regarding the championship fight scheduled for New Orleans in March. Fulton's manager made this plain tonight in commenting on advice received by T. S. Andrews in Milwaukee from Tommy Burns, saying that Burns favored calling off the bout. In a statement issued, Fulton's manager said:

"Fulton will be in New Orleans on March 4 to meet Willard for the championship. If Willard is not there, Fulton will claim the title."

Regarding Andrews' statement that he would offer a \$25,000 purse for a ten-round go in Milwaukee, the manager said he would accept that offer, but would not allow it to interfere with the New Orleans date.
